Come and enjoy our culture, delicious gastronomy, and unbeatable landscapes with the unique Ecuadorian coast flora and fauna. The marine area of Machalilla National Park is widely recognized as the most important area for the breeding and reproduction of humpback whales that migrate from the Antarctica from June to October every year. Daily tours all year round in touristic yachts, whale watching, diving, hiking, snorkeling, fishing and more activities that will make you come back again!

Daily tours all year-round in touristic yachts whale watching, diving, hiking in Isla de la Plata or small Galapagos, snorkeling, fishing, an encounter with marine turtles and more activities that will make you come back again!

Palo Santo Travel is a small company born in Puerto Lopez, since 2013. They are direct operators from Ecuador, with tourist yachts, supporting the small businesses, foundations and craftwork communities, lodging, touristic transport, and scientific investigation. Part of our team are biologists and whale researchers.

Palo Santo Travel mission is to become an environmental friendly tourism company dedicated to give you the best experiences with nature. We have grown slowly, step by step, giving rise to a team of engaged people, capable of giving you the most professional experience in the field. During these few years, we have learned that the best service is always recommended. This is why we are always trying to improve the Company's structure and personnel to fulfill or client's expectations. So what are you waiting for? Start planning your trip today and enjoy the holiday of a lifetime as you observe nature in all of its glory in a wondrous setting, packed full of glorious and beautiful sights and sounds.
